

# Vital-Office®

Office arrangements you have always dreamed off

Despite new office building and ergonomic furniture you are surrounded by stress, problems and dissatisfaction.

Is life in your office too sharp-edged? Are you missing something?

Something homely, colourful and harmonic?

Or is it only a tiny detail like rearranging workspots for creating a more personalised workspace?

The "Vital-Office-Team" can assist you exactly at this point

... and will achieve much more for You and your business.

"The challenge nowadays is to create a dynamic working environment which conveys the vital and creative potential of your corporation.

Today's office setups forcing us to work behind a desk or in front of a computer screen, require a more balanced working-sphere with perfect configuration.

The modern office must create an atmosphere of social well-being for you and your colleagues, like any long deserved holiday that will influence your health and vitality.

Our service is to **vitalise your office** with lights, colours and shapes.

We will design a custom made office for you.

Our aim is the well-being of you and your colleagues. **Health and vitality is the basis for your success.**

A variable office furniture systems, in harmonic shapes and perfect workmanship, is essential in the creation of a relaxed working environment. Employees should be able to personalise their workspace and constantly reconfigure their surroundings to suit the changing needs of business.

Our "Vital-Office-team" will successfully vitalise your office to master your daily tasks with **dynamic swing, encouraging presence, performance and health.**

Vital Office™ conception design and furnishing. A powerful and unique concept to vitalize your business environment.

Your corporate success and harmonic-vital-life is based on "Power-creative-harmony".

Creativity is the joy of life and your success.

Arch. Thomas A. Schopf (Designer)

To achieve the optimum, the basic nature of work should be social.
